

MSC TRUST

*Inventory Management System
User Manual*

1. Dashboard Overview

The Dashboard is the central hub of the inventory system. Here you can monitor overall inventory health, track the location of items across different branches and blocks, and receive instant alerts for low-stock items. Use the sidebar navigation on the left to access different modules.

2. Stock Inward

INVENTORY MANAGEMENT

Stock Inward

Record and review items received by the trust.

Recent Receipts

Latest supplies received

ITEM NAME	QUANTITY	ITEM CODE	SERIAL NUMBER	SUPPLIER	TOTAL PRICE	DATE	
first aid kit	+15 Units	-	-	Medico Pharmacy	-	6/20/2026	Void
first aid kit	+15 Units	-	-	Medico Pharmacy	-	6/17/2026	Void

When new stock arrives, use the Stock Inward process to record it. Navigate to the inward screen, select the item received, and enter the quantity. The system automatically fetches the Item Code and Serial Number, ensuring accurate and error-free data entry.

ITEM NAME	QUANTITY	ITEM CODE	SERIAL NUMBER	ISSUED TO	TOTAL PRICE	DATE
No movements found.						

Add outward entry

To record items being consumed or distributed, use the Stock Outward modal. Select the item, specify the quantity, and optionally provide a reason for the outward movement. This keeps the current stock levels updated in real-time.

4. Transfer Stock

The screenshot displays the 'Stock Outward' interface of the MSChellamuthu Trust & Research Foundation's inventory management system. The left sidebar contains a navigation menu with options: Dashboard, Inventory, Stock Inward, Stock Outward (highlighted), Categories, Programs, Suppliers, Reports, Price History, Users, Branches, and Requests (with a notification badge). The main content area is titled 'INVENTORY MANAGEMENT Stock Outward' and includes a subtitle 'Track supplies issued to programs and departments.' At the top right of the main area, there is a date 'Saturday, 04 July 2026', buttons for 'Import' and 'Transfer', a search bar 'Search items...', a dropdown for 'All Branches', a notification bell, and a user profile for 'Admin Store Manager'. A green button '+ Add outward entry' is located in the top right corner of the main content area. Below the header, there is a section for 'Recent Issues' with the subtitle 'Latest supplies issued'. This section contains a table with the following columns: ITEM NAME, QUANTITY, ITEM CODE, SERIAL NUMBER, ISSUED TO, TOTAL PRICE, and DATE. The table is currently empty, displaying the message 'No movements found.'

For large initial setups or mass updates, the Bulk Import feature saves time. You can download the provided Excel template, fill in your inventory details, and upload the file to instantly populate the database with hundreds of items.

6. Requests Panel

The screenshot displays the 'Stock Outward' section of the inventory management system. The interface includes a sidebar with navigation options: Dashboard, Inventory, Stock Inward, Stock Outward (highlighted), Categories, Programs, Suppliers, Reports, Price History, Users, Branches, and Requests (marked with a red notification badge). The main content area shows the date 'Saturday, 04 July 2026' and the title 'Stock Outward'. It features buttons for 'Import' and 'Transfer', a search bar, and a dropdown for 'All Branches'. A user profile for 'Admin' (Store Manager) is visible in the top right. Below the header, the section is titled 'INVENTORY MANAGEMENT Stock Outward' with a subtitle 'Track supplies issued to programs and departments.' and a '+ Add outward entry' button. A 'Recent Issues' section, labeled 'Latest supplies issued', contains a table with columns: ITEM NAME, QUANTITY, ITEM CODE, SERIAL NUMBER, ISSUED TO, TOTAL PRICE, and DATE. The table is currently empty, displaying the message 'No movements found.'

The Requests panel is an administrative control center. Here, administrators can review pending Branch-to-Branch stock transfers and item deletion requests. Admins can approve or reject these requests to maintain tight control over inventory movements.

7. Branches Management

The screenshot displays the 'Stock Outward' section of the inventory management system. The left sidebar contains a navigation menu with options: Dashboard, Inventory, Stock Inward, Stock Outward (highlighted), Categories, Programs, Suppliers, Reports, Price History, Users, Branches, and Requests. The main content area is titled 'INVENTORY MANAGEMENT Stock Outward' and includes a subtitle 'Track supplies issued to programs and departments.' A table titled 'Recent Issues' shows the latest supplies issued, with columns for ITEM NAME, QUANTITY, ITEM CODE, SERIAL NUMBER, ISSUED TO, TOTAL PRICE, and DATE. The table is currently empty, displaying 'No movements found.' A '+ Add outward entry' button is located in the top right corner of the main content area. The top header shows the date 'Saturday, 04 July 2026' and the user 'Admin Store Manager'.

The Branches management section allows administrators to configure the physical locations where stock is kept. You can add new branches and define specific blocks (such as rooms or wards) under each branch to track inventory precisely.
