*Inventory Management System
User Manual*

1. Dashboard Overview

- **Purpose:** The central hub to monitor real-time inventory health.
- **Step 1 (Summary Cards):** View total items, stock available, and low stock counts at the top.
- **Step 2 (Navigation):** Use the left sidebar to access Inward, Outward, Transfers, and Admin panels.
- **Step 3 (Inventory Table):** Review the full list of items, their categories, and exact current quantities.
- **Step 4 (Locations):** Check the specific Branch and Block where each item is currently stored.
- **Step 5 (Alerts):** Identify items marked in red to immediately address low-stock warnings.

2. Stock Inward

The screenshot displays the 'Stock Inward' page of the MSChellamuthu Inventory Management System. The interface includes a sidebar with navigation options: Dashboard, Inventory, Stock Inward (highlighted), Stock Outward, Categories, Programs, Suppliers, Reports, Price History, Users, Branches, and Requests. The main content area shows the 'INVENTORY MANAGEMENT' section with a 'Stock Inward' sub-header and a description: 'Record and review items received by the trust.' A table titled 'Recent Receipts' lists the latest supplies received, with columns for ITEM NAME, QUANTITY, ITEM CODE, SERIAL NUMBER, SUPPLIER, TOTAL PRICE, and DATE. Two entries are shown, both for 'first aid kit' with a quantity of '+15 Units' and a supplier of 'Medico Pharmacy'. The dates are 6/20/2026 and 6/17/2026. A 'Void' button is present next to each entry. A '+ Add inward entry' button is located in the top right corner of the main content area. The top of the page shows the date 'Saturday, 04 July 2026' and a user profile for 'Admin Store Manager'.

ITEM NAME	QUANTITY	ITEM CODE	SERIAL NUMBER	SUPPLIER	TOTAL PRICE	DATE	
first aid kit	+15 Units	-	-	Medico Pharmacy	-	6/20/2026	Void
first aid kit	+15 Units	-	-	Medico Pharmacy	-	6/17/2026	Void

- **Purpose:** To safely record and add new stock arrivals into the inventory.
- **Step 1 (Select Item):** Open the modal and choose the received item from the dropdown menu.
- **Step 2 (Auto-fill Code):** The Item Code field will auto-populate to prevent data entry errors.
- **Step 3 (Auto-fill Serial):** The Serial Number field will also auto-populate.
- **Step 4 (Input Quantity):** Type the exact number of units you are receiving.
- **Step 5 (Submit):** Click 'Submit' to finalize the entry and instantly increase the stock level.

3. Stock Outward

- **Purpose:** To accurately record items being consumed, distributed, or removed.
- **Step 1 (Select Item):** Open the modal and select the item you are taking out of stock.
- **Step 2 (Verify Details):** Ensure the auto-populated Item Code and Serial Number are correct.
- **Step 3 (Input Quantity):** Type the exact number of units being consumed.
- **Step 4 (Provide Reason):** Type a brief reason for the outward movement to maintain an audit trail.
- **Step 5 (Submit):** Click 'Submit' to immediately deduct the units from the

4. Transfer Stock

The screenshot displays the MSChellamuthu Inventory Management System interface. On the left is a sidebar with navigation links: Dashboard, Inventory, Stock Inward, Stock Outward (highlighted), Categories, Programs, Suppliers, Reports, Price History, Users, Branches, and Requests. The main content area is titled 'Stock Outward' and includes a date 'Saturday, 04 July 2026'. It features buttons for 'Import', 'Transfer', and a search bar. A dropdown menu shows 'All Branches'. A notification bell and user profile 'Admin Store Manager' are in the top right. Below the header, there's a section for 'Recent Issues' with a table. The table has columns: ITEM NAME, QUANTITY, ITEM CODE, SERIAL NUMBER, ISSUED TO, TOTAL PRICE, and DATE. The table is currently empty, showing 'No movements found.' A green button '+ Add outward entry' is located in the top right of the main content area.

No movements found.						

- **Purpose:** To move inventory between different blocks or entirely different branches.
- **Step 1** (Select Item): Choose the item you wish to relocate.
- **Step 2** (Current Location): Note the auto-populated current Branch and Block of the item.
- **Step 3** (Target Branch): Select the destination Branch from the dropdown.
- **Step 4** (Target Block): Select the destination Block (Room/Ward) within that Branch.
- **Step 5** (Quantity): Enter how many units are being transferred.
- **Step 6** (Submit): Click Submit. **Note:** Cross-branch transfers are queued

5. Bulk Import

The screenshot displays the MSChellamuthu Inventory Management System interface. On the left is a sidebar with navigation links: Dashboard, Inventory, Stock Inward, Stock Outward (highlighted), Categories, Programs, Suppliers, Reports, Price History, Users, Branches, and Requests. The main header shows the date 'Saturday, 04 July 2026', the title 'Stock Outward', and buttons for 'Import' and 'Transfer'. A search bar and a dropdown for 'All Branches' are also present. The user is logged in as 'Admin Store Manager'. The main content area is titled 'INVENTORY MANAGEMENT Stock Outward' and includes a description 'Track supplies issued to programs and departments.' and a '+ Add outward entry' button. Below this is a 'Recent Issues' section with a table header: ITEM NAME, QUANTITY, ITEM CODE, SERIAL NUMBER, ISSUED TO, TOTAL PRICE, and DATE. The table currently shows 'No movements found.'

- **Purpose:** To save time during initial setup by uploading hundreds of items at once.
- **Step 1 (Download Template):** Click to download the standardized Excel format.
- **Step 2 (Fill Excel):** Enter your item details, categories, branches, and quantities into the spreadsheet.
- **Step 3 (Choose File):** Click the 'Browse' button to select your completed Excel file.
- **Step 4 (Upload):** Click 'Upload' to parse the file.
- **Step 5 (Verify):** Review the success message to ensure all items were imported into the database.

6. Requests Panel

The screenshot displays the 'Stock Outward' interface of the MS Chellamuthu Inventory Management System. The left sidebar contains a navigation menu with options: Dashboard, Inventory, Stock Inward, Stock Outward (highlighted), Categories, Programs, Suppliers, Reports, Price History, Users, Branches, and Requests (with a notification badge). The main content area is titled 'INVENTORY MANAGEMENT Stock Outward' and includes a subtitle 'Track supplies issued to programs and departments.' At the top right of the main area, there is a '+ Add outward entry' button. Below this, a 'Recent Issues' section shows a table with columns: ITEM NAME, QUANTITY, ITEM CODE, SERIAL NUMBER, ISSUED TO, TOTAL PRICE, and DATE. The table currently displays 'No movements found.' The top of the interface shows the date 'Saturday, 04 July 2026' and the 'Stock Outward' title. Action buttons for 'Import' and 'Transfer' are present, along with a search bar 'Search items...' and a dropdown for 'All Branches'. The user 'Admin' (Store Manager) is logged in, indicated by a profile icon and name in the top right corner. The footer shows the address '643, KK Nagar - Tamil Nadu 625020'.

- **Purpose:** The administrative control center for approving sensitive stock movements.
- **Step 1** (Review Deletions): Check the 'Pending Deletion Requests' table for items staff want removed.
- **Step 2** (Action Deletions): Click 'Approve' to permanently delete the item, or 'Reject' to cancel it.
- **Step 3** (Review Transfers): Scroll to the 'Pending Transfers' table for cross-branch movements.
- **Step 4** (Verify Transfer Details): Check the source branch, destination branch, and quantity.
- **Step 5** (Action Transfers): Click 'Approve' to finalize the movement, or 'Reject' to cancel it.

7. Branches Management

The screenshot displays the MSChellamuthu Inventory Management System interface. On the left is a sidebar with a logo and a menu including Dashboard, Inventory, Stock Inward, Stock Outward (highlighted), Categories, Programs, Suppliers, Reports, Price History, Users, Branches, and Requests. The main content area is titled 'INVENTORY MANAGEMENT Stock Outward' and includes a subtitle 'Track supplies issued to programs and departments.' At the top right of the main area are buttons for 'Import' and 'Transfer', a search bar, a dropdown for 'All Branches', and a notification bell. A green button '+ Add outward entry' is located in the top right corner of the main content area. Below this is a section titled 'Recent Issues' with the subtitle 'Latest supplies issued'. It contains a table with columns: ITEM NAME, QUANTITY, ITEM CODE, SERIAL NUMBER, ISSUED TO, TOTAL PRICE, and DATE. The table is currently empty, displaying 'No movements found.'

- **Purpose:** To configure the physical locations where your stock is physically kept.
- **Step 1** (View Branches): Review the existing list of configured Branches.
- **Step 2** (View Blocks): Click on a Branch to view its assigned Blocks (Rooms, Wards, Closets).
- **Step 3** (Add Branch): Use the 'Add Branch' button to register a new physical location.
- **Step 4** (Add Block): Select a branch and use the 'Add Block' button to create a new sub-location.
- **Step 5** (Assign): You can now map inventory items to these newly
